## German company's Oakwood expansion to create 50 jobs

OAKWOOD - A German company plans a groundbreaking later this month for a \$10 million dollar expansion to their Oakwood facility.

According to officials with the Greater Hall Chamber of Commerce, Bitzer is a leading manufacturer of compressors for commercial refrigeration and air conditioning.

They currently employ 80 people at their Enterprise Way facility and will expand to an adjacent property.

Company officials said the expansion will create an additional 50 jobs. The groundbreaking is scheduled for March 30.
